*Program Committee*

James Brady (Pan African Studies), Charles Hanson (Educational Psychology), Luciana Lagana (Psychology).

## Interdisciplinary Program

**Minor in Human Sexuality**

### The Minor

The interdisciplinary minor in human sexuality is offered by the School of Social and Behavioral Sciences. The minor serves students with a special interest in this area because of its relation to their career plans (in counseling, teaching, scholarly research, etc.) as well as those who wish to take courses in this area as part of their liberal education. The minor also serves professionals who wish to augment present knowledge and skills in the area of human sexuality. Many courses in the program satisfy requirements or may be used as electives in several majors as well as in the Human Sexuality Minor.

Where individual departments have prerequisites to Upper Division courses, students who have not fulfilled the prerequisites must gain consent of the instructor.

### Academic Advisement

Students declaring the minor should consult with the coordinator of the minor.

## Requirements for the Minor

### 1. Lower Division (6 Units)
