

Have you heard about the NEW Online course options?

- **Fully Online Class (OF)** - All class sessions and exams are presented in an online environment; they have no on campus meetings.
- **Campus Online Class (OC)** - Most class sessions are presented in an online environment. Any face-to-face meetings are usually for activities such as orientation, special in-class presentations, exams, or other in-class proofs of competency.
- **Hybrid Class (OH)** - Students attend class sessions on campus and in an online environment. The class typically meets approximately half online and half on campus.

Before you enroll in an online class, check the SOLAR course notes to identify the type of online class

Not sure if you are ready to take an online class yet? Take the online readiness survey at:
